

## JUDr. Tomáš Lupač

Associate

Tomáš Lupač specialises in information technology and intellectual property law, media, telecommunications, film, and e-commerce. In these areas, he regularly advises clients on the implementation of their major projects or investments in the Czech Republic and abroad, including the preparation of related contractual documentation.

Tomáš graduated from the Faculty of Law of Charles University in 2021 and expanded his knowledge of law through the Erasmus programme at Turun-yliopisto in Finland, where he focused his studies on the combination of law and artificial intelligence or the pitfalls of the sharing economy.

Prior to joining our law firm in 2021, he gained extensive experience at a leading international law firm, a Czech law firm specialising in start-ups and venture capital transactions, as well as within the in-house legal department of a commodities trading company.

### Projects

- drafting and negotiating purchase agreements and contracts for work in various business sectors
- advising IT companies on contractual issues with distributors and customers
- drafting tender documentation for software implementation and maintenance for major contracting authorities
- advising local and foreign companies on legal actions concerning unfair competition and infringement of their intellectual property rights
- advising banking and insurance service providers on the introduction of new core IT systems, negotiating with foreign suppliers and local implementers
- comprehensive legal advice on the production of films and series for a leading global film group
- comprehensive legal advice to local companies in the production of documentary films, commercials and marketing materials, including copyright protection and preparing contracts to projects.
- comprehensive legal advice to a leading international online service provider
- advising major foreign telecommunications companies in connection with their business in the Czech Republic, including representing them before the Czech Telecommunications Authority
